## Says "Educate For Self Mastery"

DR. EUCLID B. ROGERS.

At Morrisville, Beginning Aug. 18

### TWO DISTINGUISHED ENTERTAINERS IN A JOINT CHAUTAUQUA PROGRAM

Two of the delightful entertainers the Chautauqua is bringing are Wing Tabor Wetmore, impersonator, and Geoffrey O'Hara, Irish tenor and song writer, who will appear in a joint program on the second day. Mr. Wetmore says he began his career as a boy singing in a church choir in New York city. He was then only seven years old. He has since done much to distinguish himself. He has appeared with great success in musical comedy, grand opera and comic opera and created the leading tenor role in "The Daughters of America." His program consists of literary masterpieces, humorous New England legends and gems of English and American literature.

Mr. O'Hara is the writer of the song "Tennessee, I Hear You Calling Me." A few years ago he scored an ovation as soloist with the Ottawa Symphony Orchestra at the concert before the Duke and Duchess of Connaught. "Your Eyes Have Told Me" is another of his song hits. It was selected by Caruso as his fourth contribution in English to his phonograph records.

**When Baldness Starts.**  
It has been discovered that if a person is going to be bald in middle life, or even in old age, the symptoms will appear between the ages of fifteen and twenty-one. Although the hair may gradually become thinner as one grows older, it will never entirely disappear unless signs of this thinning become manifest before the age of thirty-five years.

### MORRISVILLE

Town Clerk Niles is busy these days getting postal card tax notices ready. You'll get one; he won't slight anybody.

The Morrisville Red Sox went to Waterbury Center this noon in the Page auto truck, where they played ball this afternoon.

E. S. Robinson and T. J. Stewart went today to Vergennes to attend a two days' meeting of the Vermont State Rural Letter Carriers' Association.

Misses Nora Greene, Vida Grant and Vera Gilbert have been at work for some time at the town clerk's office, indexing the town records according to a vote taken at the last town meeting.

Mr. and Mrs. C. E. Palmer and daughter, Carlotta, were week-end visitors at the home of T. B. Ellis. They motored over with Dr. and Mrs. Truman Stiles and daughter, who visited in Stowe.

Mr. and Mrs. William J. Galbraith of Granby, P. Q., and Walter Galbraith of Zealandia, Sask., who came to attend the family reunion held last week at the home of their sister, Mrs. G. A. Cheney, left on their return trip Monday.

Mr. and Mrs. George F. Lackey, their daughter, Miss Ellen Lackey and son, Howard Lackey of Montpelier, were guests Sunday of Mrs. E. G. Wilson, making the trip by automobile. They were accompanied by Harlie Wilson of Montpelier, who will pass a few days with his mother.

Manager Johnson is installing a large fan in the center of the Bijou theatre to be run in addition to the side fans. This will be greatly appreciated by patrons and will make the Bijou one of the coolest places in town in which to spend the evening. Mr. Johnson has also presented the churches in town with a large quantity of small fans, as well as furnishing his patrons with them.

### AT THE CHURCHES

#### Advent Church

All the services were well attended Sunday. The morning subject was both doctrinal and practical, dealing with life, quality and duration, for time and for eternity. The scriptures give proof of life after death by means of a general resurrection. Shall the future life be for punishment or reward?

The L. V. W.'s of the Sunday school are much enjoying their new class room. The Junior boys are showing splendid interest and service.

Human Limitations was the Loyal Worker's topic, Leader, Rev. J. J. Bennett. The evening service was of much interest, the subject was "Three peculiar bones, namely, The Wish-bone, the Funny-bone and the Backbone." For success in everything, including religion, the victor will need healthy back-bone.

The prayer meeting on Wednesday evenings are well attended and true seasons of refreshing. You are invited.

The Teacher Training class has a good number of enrollment, and meets in the church vestry Friday evening at 8 o'clock. The subject Sunday morning by Rev. J. J. Bennett will be the 23rd Psalm, "The Lord is my Shepherd." The World turned upside-down, and how it happened.

#### Congregational Church

Despite the warm weather there was a large congregation Sunday morning. Mr. Baker spoke on the theme, "Lord, deliver us," using the words of the litany to voice a prayer for deliverance from many of the evils that infest the time in which we live. Lord deliver us from neglect of the cultivation of the deeper things of life; from the philosophy of life that regards the sermon on the Mount as a mere dreamer's vision; from the pessimism that croaks, "The world is going to the bad"; from the power of an evil mind, an evil tongue, a false friend, a deceitful foe; from the philosophy of life that seeks to avoid responsibility and find always the line of least resistance. Next Sunday shall hold a union service with the Methodist church.

#### Methodist Church

A lawn service was held at the home Mr. and Mrs. Elmer Camp, on Maple St. last evening. The Boy Scouts of the Congregational church in Waterbury, accompanied by the Pastor of the church, attended the service at Elmer's Sunday afternoon.

The league meeting Sunday evening was led by Ray Smalley, who brought to the meeting an excellent paper on "How we can make our Community Better." There were 137 at Sunday school last Sunday. The contest between the Reds and the Blues is on in earnest. The Blues were a little ahead last Sunday. The children are trying to collect a mile of pennies, but it is expected that they will keep within our own parish in the work.

In token of the brotherly spirit and good fellowship that exists between the churches, union meetings will be held during the vacation of the pastors on their vacations. During Mr. Baker's absence the Union meeting of next Sunday morning will be held in the Methodist church, both congregations uniting in the service. Mr. Best will preach from the subject, "The Wings of an Angel and the Hands of a Man."

Two persons received the sacrament of baptism last Sunday morning. The largest crowd at prayer meeting Thursday evening for many weeks. The meetings are growing better every week. Jesus is Lord of the Sabbath and we as Christians ought to keep it as a holy day, by attending the services of worship.

#### Universalist Church

Beginning with next Sunday, July 30, all services will be discontinued for five weeks or until Sunday, Sept. 3, as the pastor is taking his annual vacation. A rally Sunday will be held the second Sunday after vacation, at which time an effort will be made to make the occasion a Red Letter Day, both in attendance and special features.

The members of the Nine Club, namely, those who have attended Sunday School for nine consecutive Sundays, numbers 28 and it is expected that a picnic will be held in honor of this club sometime next week.

#### Fighting Spirit Strong.

"A heap o' de disturbance in dis world," said Uncle Eben, "comes f'm de fact dat mos' ever'body would rather fight dan jes' sit down an' be peaceably lonesome."

Miss Maude Chaffee has returned home from Peacham, where she has been visiting her brother, M. W. Chaffee.

A dance will be given at the town hall next week Thursday evening. Music will be furnished by Carroll's orchestra of Barre.

Mr. and Mrs. A. H. Slayton returned Sunday from an automobile trip to Harwichport, Cape Cod, where they were guests of the latter's brother, Charles Kellogg. While away the Messrs. Slayton and Kellogg visited Boston, Worcester, Springfield and New York, making the trip by automobile. Mr. and Mrs. Slayton were accompanied home by Mr. and Mrs. Frank Peck of Boston.

#### Natural Query.

Little Elsie—"Mamma, how much do people pay a pound for babies?" Mamma—"Babies are not sold by the pound, my dear." Little Elsie—"Then why do they always weigh them as soon as they are born?"

#### Survival of Ancient Type.

One of the strangest animals known to zoologists is the tenrec, an insect-eating animal found only in the island of Madagascar. It is supposed to represent a very ancient type of animal which is now almost extinct. Madagascar, once a part of the mainland of the African continent, was separated therefrom at a very remote period in the past. As a result a fauna peculiar to the island has been developed.
